Making Better Buildings: A Comparative Guide to Sustainable Construction for Homeowners and Contractors Jen Feigin, Chris Magwood

Much has been written about the individual components of sustainable building, but how do you bring it all together into a well-designed whole? Drawing on extensive hands-on experience, *Making Better Buildings* systematically describes the real-world implications of the most popular green and natural building materials and techniques, objectively presenting the pros, cons and overall viability of each. An indispensable resource.
