In the future, it doesn't pay to remember.

In Nora's world you don't have to put up with nightmares. Nora goes with her mother to TFC--a Therapeutic Forgetting Clinic. There, she can describe her horrible memory and take the pill that will erase it. But at TFC, a chance encounter with a mysterious guy changes Nora's life. She doesn't take the pill. And when Nora learns the memory her mother has chosen to forget, she realizes that someone needs to *remember*. With newfound friends Micah and Winter, Nora makes a comic book of their memories called *Memento*. It's an instant hit, but it sets off a dangerous chain of events. Will Nora, Micah, and Winter be forced to take the Big Pill that will erase their memories forever?

Angie Smibert's remarkable debut novel takes readers on a thrilling ride through shadowy world where corporations secretly rule--and wish you'd just keep shopping.
