## **The Face in the Frost** John Bellairs

*The Face in the Frost* is a fantasy classic, defying categorization with its richly imaginative story of two separate kingdoms of wizards, stymied by a power that is beyond their control. A tall, skinny misfit of a wizard named Prospero lives in the Southern Kingdom—a patchwork of feuding duchies and small manors, all loosely loyal to one figurehead king. Both Prospero and an improbable adventurer named Roger Bacon look in mirrors to see different times and places, which greatly affects their personalities and mannerisms and leads them into a myriad of situations that are sometimes frightening and often hilarious.

Hailed by critics as an extraordinary work, combining the thrills of a horror novel with the inventiveness of fantasy, *The Face in the Frost* is the debut novel that launched John Bellairs's reputation as one of the most individual voices in young adult fiction.
