## **The Willow Grove** Laurie Sheck

Laurie Sheck interweaves the contemporary with the mythic, creating a realm in which such things as radios, skyscrapers, expressways, and mannequins are at once familiar and strange; immediate, yet tinged with the light of distance and myth. It is a realm where faces on a television newscast disappear "into the undertow / of hunger for the next thing and the next," and mannequins "stand in their angelic armor."

Placed at intervals throughout these pages is a series of poems entitled "From The Book of Persephone," poems that explore the underworld through a fractured contemporary lens, depicting it as a psychological landscape of isolation and desire.

As Mona Van Duyn said of Laurie Sheck's previous book, *Io at Night*, "When her sensibility and the reverberating myth are in perfect conjunction, the extraordinary happens: the mythical figure enters the poet's imagination so consumingly that it is impossible to tell whose life, whose feelings fill the form on the page."
