En el mes de noviembre de 2005 se cumplieron veinticinco años de la aparición de la revista Quimera. Para celebrarlo, publicamos esta antología del microrrelato que constituye una panorámica completa y extraordinaria del género. De entre todas las modalidades de la prosa narrativa breve, el microrrelato es sin duda el género más joven y experimental, escrito a contracorriente, por lo que necesita un lector tan activo como riguroso. Pero si algo singulariza y define estas piezas mínimas es el hecho de contar una historia, a menudo sorprendente, ambigua e incluso paradójica, de la manera más concisa e intensa posible. Aquí se recoge una selección de textos narrativos brevísimos de autores españoles e hispanoamericanos, aparecidos en los últimos años en la sección que Quimera ha dedicado al género. Estamos convencidos de que con este volumen el lector podrá hacerse una idea precisa de la variedad de los rumbos presentes del microrrelato en español; no en vano aquí encontrará textos de gran parte de los narradores que han cultivado el género, tanto de los autores consagrados como de los jóvenes más prometedores.
