Critical questions remain unanswered on the events of the cold-blooded and devastating terror attacks in Mumbai on 26 November 2008. Investigative and introspective, this book offers a lucid and graphic account of the ill-fated day and traces the changing dynamics of terror in South Asia.

Using new insights, it explores South Asia's regional dynamics of antagonism, the ever-present challenge to the frontiers of India, Pakistan and the terrorism question, the strife in Afghanistan and the self-serving selective US 'war on terror'. This will be an engaging read for those interested in defence, security and strategic studies, politics, international relations, peace and conflict studies, and South Asian studies as well as the general reader.
