Truly fun for all ages, this unique coloring book subversively and playfully examines the female gender stereotypes that pervade daily life. A diverse group of pictures reinforce positive gender roles throughout the book and show that girls are thinkers, creators, fighters, and healers. Some of the characters who show the new face of the feminine include Rapunzel, who now has power tools and Miss Muffet, who tells the spider off and considers a career as an arachnologist. Deconstructing the homogeneity of gender expression has never been so colorful.
