*Career Counseling* aims to link the past and the present, and to look to the future for significant developments in this critical field. Seven current methods are examined in detail:

- \* the Trait-and-Factor approach
- \* the Person-Centered approach
- \* the Psychodynamic approach
- \* the Developmental approach
- \* the Social Learning approach
- \* the Social Psychological approach
- \* Computer Assisted Career Counseling

Written to inform practicing vocational counselors and students about the practical and applied aspects of various counseling approaches, this book will help them maintain a data-based objectivity.
