**Elusion** Claudia Gabel, Cheryl Klam

The mind-blowing beginning of a futuristic series about the seductive nature of a perfect virtual world and how far one girl will go to uncover the truth behind the illusions.

A new technology is sweeping the country. To enter Elusion®, you need an app, a visor, and a wristband, and you'll be virtually transported to an exotic destination where adventure comes without the complications or consequences of real life. When there are accusations that Elusion is addictive and dangerous, Regan is determined to defend it and is pulled into incredible new worlds to discover deeply buried truths—and to make the ultimate choice between love and loyalty. . . .

Full of thrilling mystery, romance, and intriguing technology, this *Inception*-inspired thriller is perfect for fans of dystopian and sci-fi novels such as *Uglies* by Scott Westerfeld, *Matched* by Ally Condie, and *Partials* by Dan Wells, and is continued in the sequel, *Etherworld*.
