### **A compendium of successful case studies of FAMILY PLANNING implementation in India**

This is the first book on innovations in family planning service delivery in the country which is of particular contemporary relevance, both nationally and globally. It features innovative case studies of family planning from India which have demonstrated impact and are sustainable and scalable. These cases contribute to the approaches of problem solving, enhancing quality family planning care at the grass-roots level and influence future directions of the programme. The book facilitates advocacy, strengthening programme design and enhancing competency as well as orienting the healthcare system to support these efforts.

This is an important book for programme planners, policy makers and researchers.
