Los grandes mitos y la historia del hombre (Spanish Edition)

Anne da Costa, Fabián da Costa

Los grandes mitos y la historia del hombre (Spanish Edition) Anne da Costa, Fabián da Costa

Desde el inicio de los tiempos, el ser humano ha intentado descubrir el secreto de sus orígenes, el misterio de la victoria de la vida sobre el caos: así nacieron los mitos, un intento de explicar lo que no podía decirse con palabras e historias comprensibles para las personas. En esta obra, los autores nos cuentan la historia del mito en las sociedades denominadas arcaicas, su papel profundamente civilizador. Detallan para nosotros los grandes temas que encontramos en la mayoría de civilizaciones: el huevo cósmico, los diluvios, la Madre Tierra... Pero también nos hablan del espacio, a menudo ignorado, y que ocupa en nuestra sociedad actual, en nuestra cultura y en los sentimientos un papel importante. Y es que si bien el mito puede parecer poco apto para nuestra sociedad moderna, materialista y a menudo agnóstica, no es así. En realidad, lejos de ser una fábula anodina, es un eco, en lo más profundo de nuestra psique, de lo que hace que el ser humano sea como es, con sus dudas y sus interrogantes, pero también con sus conocimientos ocultos.
