## The Works Of Josephus (Complete and Unabridged)

This renowned reference book has served scholars, pastors, students, and those interested in the background of the New Testament for years. The insight given into the Essene community, the destruction of Jerusalem and the interpretations and traditions of the Old Testament in first century Judaism is invaluable. The outlook of Josephus, a late first century Pharisee and historian, on Jesus and the New Testament documents is enlightening and provocative. As an original reference, The Works of Josephus is essential to a full understanding of the first century, the time of Christ and the New Testament.
