Comunicazione in medicina. Collaborazione tra professionisti sanitari (Italian Edition) Anna Maria De Santi, Iole Simeoni

Poiché nessuna singola disciplina o specializzazione può rispondere da sola ai bisogni di salute di un individuo, diventa importante che i diversi professionisti coinvolti nelle attività di assistenza sanitaria siano in grado di lavorare insieme in modo collaborativo e integrato. Il testo desidera fornire strategie e suggerimenti per migliorare la comunicazione tra professionisti sanitari, fornendo esempi relativi alle più comuni situazioni che si possono presentare nella pratica clinica, quali la richiesta di una consulenza specialistica da parte del medico di base, la relazione tra medico e infermiere, le informazioni da evidenziare nella lettera di dimissione ospedaliera.
