Leonhard Euler and the Bernoullis: Mathematicians from Basel M. B. W. Tent

"Leonhard Euler and the Bernoullis is a fascinating tale of the Bernoulli family and Euler's association with them. Successful merchants in the 16th and 17th centuries, the Bernoullis were driven out of Antwerp during the persecution of the Huguenots and settled first in Frankfurt, and then in Basel, where one of the most remarkable mathematical dynasties evolved with Jacob, Johann, and Daniel Bernoulli the most prominent among them. Euler, fortunate to have had Johann Bernoulli as a tutor, quickly rose to prominence in the academies of Berlin and St. Petersburg, and became the most prolific and profound mathematician that ever lived.

The story of these remarkable men, their great ambitions and dedication to their science-often against parental authority-is skillfully told by the author. Refreshing fictional dialogue is interspersed throughout into an otherwise accurate historical scenario. The book is intended for the young adult audience of middle school and early high school ages, but surely will also appeal to a general audience, with or without mathematical background."

--Walter Gautschi, Purdue University

From reader reviews:

Edward Bastian:

Book is to be different for each grade. Book for children until finally adult are different content. As you may know that book is very important for us. The book Leonhard Euler and the Bernoullis: Mathematicians from Basel seemed to be making you to know about other knowledge and of course you can take more information. It is rather advantages for you. The e-book Leonhard Euler and the Bernoullis: Mathematicians from Basel is not only giving you much more new information but also for being your friend when you sense bored. You can spend your personal spend time to read your publication. Try to make relationship together with the book Leonhard Euler and the Bernoullis: Mathematicians from Basel. You never feel lose out for everything when you read some books.

Rebecca Dryden:

Here thing why this kind of Leonhard Euler and the Bernoullis: Mathematicians from Basel are different and trusted to be yours. First of all studying a book is good nevertheless it depends in the content from it which is the content is as yummy as food or not. Leonhard Euler and the Bernoullis: Mathematicians from Basel giving you information deeper and in different ways, you can find any e-book out there but there is no publication that similar with Leonhard Euler and the Bernoullis: Mathematicians from Basel. It gives you thrill reading through journey, its open up your personal eyes about the thing in which happened in the world which is might be can be happened around you. You can easily bring everywhere like in park your car, café, or even in your means home by train. Should you be having difficulties in bringing the branded book maybe the form of Leonhard Euler and the Bernoullis: Mathematicians from Basel in e-book can be your substitute.

Angela Souther:

Are you kind of active person, only have 10 or perhaps 15 minute in your day to upgrading your mind proficiency or thinking skill perhaps analytical thinking? Then you have problem with the book than can satisfy your limited time to read it because all this time you only find reserve that need more time to be examine. Leonhard Euler and the Bernoullis: Mathematicians from Basel can be your answer as it can be read by a person who have those short free time problems.

John Bonilla:

In this period globalization it is important to someone to receive information. The information will make someone to understand the condition of the world. The condition of the world makes the information quicker to share. You can find a lot of personal references to get information example: internet, newspaper, book, and soon. You will observe that now, a lot of publisher in which print many kinds of book. Often the book that recommended for your requirements is Leonhard Euler and the Bernoullis: Mathematicians from Basel this reserve consist a lot of the information on the condition of this world now. This book was represented just how can the world has grown up. The words styles that writer make usage of to explain it is easy to

understand. Typically the writer made some study when he makes this book. This is why this book acceptable all of you.
