I wish... Emerey, Mandi, Andrew and Adrian are best friends. The privileged children of travel-mad parents, they have seen the world together and are always looking for the next adventure. But when Mandi convinces them to enter a mysterious but opulent house down the road, they realize they have bitten off more than they can chew. Walls within walls, misleading mirrors, images and doors bringing forth creatures bent on destruction are only a few of the horrors awaiting the group of friends upon entering the house. Faced with overcoming the worst of themselves, it seems that they might perish within the vine-covered walls. But they are not without help. Presented with a book weaving the chapters that become their history and protected by the direction of their guides, they just might find their way to the mysterious WishmakeR, fighting off temptation and eluding cruelty and dissention the entire way. At every twist and turn, as they piece together the clues leading to the outside door, these companions will learn a valuable lesson about the consequences of wishing. Follow author Alis Rae Caidman through this labyrinth of the fantastic and grotesque, and join four friends as they find their perceptions challenged, feel their bonds being tested, and most importantly, discover what it really means to be themselves. 'This book is immensely intriguing. What a labyrinth of allure! Alis captures her readers and transports them into a beautifully artistic world of imagination!' -Jake Fritze 'Original and highly imaginative. Fans of the Labyrinth and Alice in Wonderland will be intrigued by this surreal twist of fictional yarn spun into one great tale.' -Jessica Woytko
