For several decades, *Foundational Issues in Christian Education* has been a key text for many Christian education courses. Its perceptive analysis coupled with clear writing make it a resource without peer. Christian education expert Robert Pazmiño guides readers through a comprehensive discussion of the interdisciplinary foundations of Christian education, calling all Christian educators to reevaluate the fundamentals of their discipline. ### Praise for Previous Editions

"In a clear and concise way the author introduces each of the foundational areas by exploring its purpose, current trends, and inherent difficulties. . . . His surveys are accurate and his critiques are pointed, insightful, and fair, consistently calling the educator to examine each of the theories in light of one's biblical and theological framework. . . . An outstanding strength of this work is the way it consistently examines foundational considerations in light of the stated purpose of education."--**Darwin K. Glassford**, *Journal of the Evangelical Theological Society*

"[A] basic work on the philosophical and theological foundations for education within the church. . . . [It is] certainly worthy of note. . . . Pazmiño's work always attempts to integrate insights from social science with a thoroughly biblical worldview. . . . This book is highly recommended for the libraries of professional staff engaged in the educational ministry of the church."--**Robert C. De Vries**, *Calvin Theological Journal*

"A feature . . . that should be appreciated is the application of the content to evangelical concerns. This is usually done in the form of questions. Besides being helpful to evangelical educators, it has the potential of promoting understanding by nonevangelicals of the direction and enthusiasms of the evangelical."--**Eugene S. Gibbs**, *Religious Education*

"Theology has much to contribute to education and Pazmiño has made a valuable contribution in drawing attention to that point."--**Kenneth Wilson**, *Expository Times*
