Methodism and the Southern Mind, 1770-1810 (Religion in America) Cynthia Lynn Lyerly

This book looks at the role of Methodism in the Revolutionary and early national South. When the Methodists first arrived in the South, Lyerly argues, they were critics of the social order. By advocating values traditionally deemed "feminine," treating white women and African Americans with considerable equality, and preaching against wealth and slavery, Methodism challenged Southern secular mores. For this reason, Methodism evoked sustained opposition, especially from elite white men. Lyerly analyzes the public denunciations, domestic assaults on Methodist women and children, and mob violence against black Methodists. These attacks, Lyerly argues, served to bind Methodists more closely to one another; they were sustained by the belief that suffering was salutary and that persecution was a mark of true faith.

From reader reviews:

Mindy Marcotte:

Reading a publication tends to be new life style in this particular era globalization. With examining you can get a lot of information which will give you benefit in your life. With book everyone in this world may share their idea. Guides can also inspire a lot of people. Plenty of author can inspire all their reader with their story or maybe their experience. Not only the storyplot that share in the textbooks. But also they write about the information about something that you need illustration. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors in this world always try to improve their ability in writing, they also doing some investigation before they write for their book. One of them is this Methodism and the Southern Mind, 1770-1810 (Religion in America).

Randall Barbee:
