Setentistas: De La Plata a la Casa Rosada (Spanish Edition) Fernando Amato- Christian Boyanovsky Bazán

¿Kirchner era montonero? La asociación del ex Presidente con la organización político militar de la izquierda peronista de los setenta sirve tanto a los sectores de derecha para criticarlo, como a los de la izquierda oficialista para reivindicarlo, mientras que grupos de la oposición niegan cualquier paso por el activismo político: «Kirchner nunca militó en los setenta, es puro esnobismo».

Este libro bucea en los orígenes políticos de Néstor Kirchner y revela cuál fue su verdadera participación en el proceso histórico que llegó a su apogeo con la vuelta de Perón, la formación de una columna de Montoneros en La Plata, que culminó con la cacería indiscriminada de unos contra otros, y la salvaje matanza y desaparición de militantes durante la dictadura de Videla.

Promedia la década del sesenta y la Juventud Peronista de La Plata intenta recuperar poder. Miles de jóvenes estudiantes llegan desde todos los rincones del país. La efervescencia política los convierte en activos militantes de la FURN, primera agrupación peronista universitaria, cuyos fundadores alcanzarán máximos niveles directivos dentro de la JP platense y nacional. En una época en la que el continente americano se debate entre el socialismo y la hegemonía imperialista, muchos de esos jóvenes pasarán de tímidos muchachos de provincia a combatientes revolucionarios.
