Charting a Course for High Quality Care Transitions

Charting a Course for High Quality Care Transitions

Learn how to ensure quality and safety for vulnerable older adults Transitional care is crucial to older adults with complex care needs who are moving between different locations or different levels of care. Charting a Course for High Quality Care Transitions addresses this problem by providing leading experts and leaders in the field discussing practical strategies that ensure care quality and safety for transitioning vulnerable older adults. This helpful resource comprehensively discusses current research, quality improvement, risk targeting, risk identification, patterns of care, care coordination, and performance assessment. Lowering the inherent risks for adverse events when moving patients can be challenging. Numerous unforeseen variables such as possible mismanagement of medication or staff shortages can often jeopardize patient safety. Charting a Course for High Quality Care Transitions offers practical approaches to address several of the main challenges encountered by health professionals. This book focuses on various ways to provide the highest quality patient-centered care through advancements in research, practice, and data measurement. This informative text is extensively referenced and contains numerous tables to clarify and illustrate important data. Topics in Charting a Course for High Quality Care Transitions include:

- a semantic framework for overcoming quality improvement issues stemming from inconsistent use of terms
- a tool for home health agencies to identify home health care patients at risk for hospital readmission
- medical and social factors that contribute to poor quality care transitions
- a successful Advanced Practice Nurse transitional care model that can improve outcomes to cognitively impaired older adults
- unrecognized needs of older adults living in residential care facilities
- patient-centered performance measurement
- early results of the Reducing Acute Care Hospitalization National Demonstration Collaborative
- gaps in research that need to be addressed in the future

Charting a Course for High Quality Care Transitions is an important resource for home care professionals, hospital discharge planners, public health nurses, geriatric health services researchers, and health care professionals of all types.
