The *TNM Supplement*, 4th Edition, includes new, detailed definitions of anatomical sites, regional lymph nodes, and TNM categories. It answers questions that frequently arise during daily use of the TNM system. Importantly, the *TNM Supplement* expands on the minimum requirements for pathological classification of individual tumour sites and enumerates the recommended criteria for each. Published in association with the Union for International Cancer Control, it provides oncologists with complementary material related to TNM staging not covered in *TNM Classification of Malignant Tumours, 7th Edition*.
