What Can One Person Do? confronts a poverty-stricken world, and with clarity of purpose offers practical steps to create lasting change. Global poverty can be reduced through a series of achievable objectives: the eight Millennium Development goals agreed to by the international community at the Millennium Summit in 2000. World leaders and faith communities have adopted the MDGs, as well as the ideas found within this book--for the authors demonstrate that as shared vision grows and as these goals are accomplished, human communities shall indeed flourish.
