American Journalism History: An Annotated Bibliography (Bibliographies and Indexes in Mass Media and Communications)

William D. Sloan

American Journalism History: An Annotated Bibliography (Bibliographies and Indexes in Mass Media and Communications) William D. Sloan

Sloan has undertaken to fill a long-standing gap in the study of journalism history. He has compiled a comprehensive annotated bibliography of works pertaining to United States journalism history from colonial to contemporary times. Some 2,600 separate entries provide information on dissertations, articles, monographs, books and reference materials published between 1810 and 1988. . . . Overall this is a useful, stimulating volume that pulls together a diverse collection of materials. It should enrich the teaching and writing of journalism history. *American Journalism*

The history of the American news media has been a popular subject with journalists, popular writers, and historians since the early years of the Republic, and it continues to attract widespread interest. Until now, however, no complete bibliography of these historical materials has been available. This comprehensive work provides access to the existing literature on all types of journalism from newspapers to television.

In his introduction, Sloan reviews the different approaches to journalism history that have characterized writing in the field. The bibliography is divided by historical period and general theme into 16 sections. Carefully annotated, it presents concise summaries and bibliographic information for some 2,600 articles, books, research guides, and reference works published between 1810 and 1988. More than 100 journals are included. Cross-referencing and a detailed index will help the reader locate materials on specific topics as well as those with wider application. An invaluable tool for historians and other scholars engaged in research, this book will also serve as a useful reference for courses in mass communications and the history of journalism.
