## **Her Wild Protector (Paranormal Romance)** Naomi Bellina

Since waking up on the floor of her apartment after an electrical shock, Tara has felt...different. Colors a little off. Shadows where they shouldn't be. But hot guys glowing blue light and a cheetah drinking a cup of coffee? That's not something you see every day. And why doesn't anyone else seem to notice?

The pillar of blue light is Marshall, a Metamorph—a human who can change at will into an animal or energy form. His human form is damn fine-looking, but that doesn't mean he isn't crazy, with his stories about belonging to a secret government agency and rogue Metamorphs trying to kill her. Plus he wears sunglasses indoors—who still does that? But when there's a panther scratching at her door, she has no choice but to trust Marshall, even if it means her life will never be the same.
