The Second Book of the Tao Stephen Mitchell

Enhanced by Stephen Mitchell's illuminating commentary, the next volume of the classic manual on the art of living

The most widely translated book in world literature after the Bible, Lao-tzu's Tao Te Ching, or Book of the Way, is the classic manual on the art of living. Following the phenomenal success of his own version of the Tao Te Ching, renowned scholar and translator Stephen Mitchell has composed the innovative *The Second Book of the Tao*. Drawn from the work of Lao-tzu's disciple Chuang-tzu and Confucius's grandson Tzussu, *The Second Book of the Tao* offers Western readers a path into reality that has nothing to do with Taoism or Buddhism or old or new alone, but everything to do with truth. Mitchell has selected the freshest, clearest teachings from these two great students of the Tao and adapted them into versions that reveal the poetry, depth, and humor of the original texts with a thrilling new power. Alongside each adaptation, Mitchell includes his own commentary, at once explicating and complementing the text.

This book is a twenty-first-century form of ancient wisdom, bringing a new, homemade sequel to the Tao Te Ching into the modern world. Mitchell's renditions are radiantly lucid; they dig out the vision that's hiding beneath the words; they grab the text by the scruff of the neck—by its heart, really—and let its essential meanings fall out. The book introduces us to a cast of vivid characters, most of them humble artisans or servants, who show us what it means to be in harmony with the way things are. Its wisdom provides a psychological and moral acuity as deep as the Tao Te Ching itself.

The Second Book of the Tao is a gift to contemporary readers, granting us access to our own fundamental wisdom. Mitchell's meditations and risky reimagining of the original texts are brilliant and liberating, not least because they keep catching us off-guard, opening up the heavens where before we saw a roof. He makes the ancient teachings at once modern, relevant, and timeless.

From reader reviews:

David Simpson:

Information is provisions for individuals to get better life, information currently can get by anyone at everywhere. The information can be a expertise or any news even a problem. What people must be consider when those information which is inside former life are challenging to be find than now is taking seriously which one would work to believe or which one the actual resource are convinced. If you obtain the unstable resource then you understand it as your main information you will have huge disadvantage for you. All of those possibilities will not happen inside you if you take The Second Book of the Tao as your daily resource information.

Wendy Cort:

Precisely why? Because this The Second Book of the Tao is an unordinary book that the inside of the reserve waiting for you to snap it but latter it will jolt you with the secret it inside. Reading this book next to it was fantastic author who all write the book in such amazing way makes the content on the inside easier to understand, entertaining method but still convey the meaning completely. So , it is good for you for not hesitating having this ever again or you going to regret it. This unique book will give you a lot of rewards than the other book possess such as help improving your ability and your critical thinking way. So , still want to hold off having that book? If I were you I will go to the reserve store hurriedly.

Patricia Morales:

On this era which is the greater individual or who has ability to do something more are more treasured than other. Do you want to become considered one of it? It is just simple solution to have that. What you have to do is just spending your time not much but quite enough to get a look at some books. One of the books in the top list in your reading list is usually The Second Book of the Tao. This book which can be qualified as The Hungry Mountains can get you closer in growing to be precious person. By looking upward and review this publication you can get many advantages.

Sam Nielsen:

As we know that book is vital thing to add our know-how for everything. By a book we can know everything we would like. A book is a pair of written, printed, illustrated or perhaps blank sheet. Every year seemed to be exactly added. This reserve The Second Book of the Tao was filled regarding science. Spend your time to add your knowledge about your research competence. Some people has different feel when they reading some sort of book. If you know how big benefit from a book, you can truly feel enjoy to read a guide. In the modern era like at this point, many ways to get book which you wanted.
