The Bible vs. Science? Or Not! Dr. Joseph McRae Mellichamp

Is the biblical description of the Creation found in Genesis 1:1-2:3 hopelessly at odds with what we know from science about the universe and planet Earth as many people today believe? Absolutely not! In fact there is a high degree of conformity between the biblical narrative and the scientific evidence. How then did such widespread misunderstanding come about? Possibly the best answer is that there is no simple, clear statement of how the biblical account meshes with scientific facts. That is, there is no description of how the scientific evidence maps onto the elements of the biblical Creation narrative in a way that is true to science and understandable to the non-scientific inquirer. My goal is provide just such a description in this book

Paul Horn:

As a scholar exactly feel bored for you to reading. If their teacher expected them to go to the library in order to make summary for some e-book, they are complained. Just little students that has reading's heart or real their interest. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that reading is not important, boring and also can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this The Bible vs. Science? Or Not! can make you experience more interested to read.
