**Perfect for fans of The Mortal Instruments series by Cassandra Clare, this intriguing urban fantasy follows the story of Kat Chanter, who discovers that the world she knows is controlled by ancient creatures who feed on blood. And she might just be one of them ...**

*Then she heard it; faintly at first, but quickly becoming louder. Her faint prickle of unease became a crawling apprehension that made every hair on her body stand on end. Because there was no mistaking the sound that was drawing ever closer. The excited baying, the mournful howls of wild creatures as they grouped and closed in for the kill.*

*Cold dread swept through her, chilling her to the bone. The pack was here.*

The future seems hopeless, and Kat's life is in the balance. Is it possible that *she* holds the key to their survival? Because if she can't find a way to unlock the knowledge within herself, it won't just be her life that's forfeit, but also the lives of the *unalil*, and of their captive sister . . .
