Well known for his slapstick comedic style, Jerry Lewis has also delighted worldwide movie audiences with a directing career spanning five decades. One of American cinema's great innovators, Lewis made unmistakably personal films that often focused on an ideal masculine image and an anarchic, manic acting out of the inability to assume this image. Films such as *The Bellboy*, *The Errand Boy*, *Three on a Couch*, and *The Big Mouth* present a series of thematic variations on this tension, in which such questions as how to be a man, how to be popular, and how to maintain relationships are posed within frameworks that set up a liberating and exhilarating confusion of roles and norms. With sharp, concise observations, Chris Fujiwara examines this visionary director of self-referential comedic masterpieces. The book also includes an enlightening interview with Lewis that offers unique commentary on the creation and study of comedy.
